

Why Nexonia Timesheets?

Nexonia Timesheets offers a complete suite of automated time-tracking tools with deep configuration options that allow you to customize your entry and approval process. Easy implementation of your unique policies gives you total control, while custom reports and automated alerts give you total visibility. Timesheets is accessible via web or mobile for entry and approval on the go, from anywhere, at any time. And, our team of experts is ready to help you every step of the way, from implementation to product training.

Your time, your way.

Tailored Timecards

Multiple entry methods, including Timers, allow Nexonia to be tailored to your specific requirements.

Custom Fields

Customization is at the heart of the Nexonia platform. We support custom fields and dimensions, so you can rest assured nothing will slip through the cracks.

Enhanced Mobile Apps

Create and submit your timesheets wherever you are with our iOS, Android, and BlackBerry 10 apps.

Rapid Deployment

Nexonia is cloud-based, requiring no specialized hardware. Use our intuitive web interface for smooth and seamless submissions and approvals.

Audit-friendly.

Establish Compliance

We're ready to help you enforce internal compliance. We're also DCAA compliant and can ensure you're audit-friendly.

Integrated with your existing systems.

Automated Integration

API-based integrations ensure your data is transferred securely and automatically. Nexonia has strong partnerships with industry-leading ERPs, including NetSuite, Sage Intacct, and Intuit QuickBooks.

Integrates with Virtually Anything

As long as it's a system that supports importing and exporting data, we'd love to hear from you. Chances are we've seen it before and are ready to help.

Payroll Compatibility

Nexonia supports automated integration into your other systems, including payroll and online billing portals.

Visibility and efficiency.

Unparalleled Insight

Total visibility into all working time and time off. Custom reports let you analyze all time-based projects.

Customizable Approval Flows

Get flexible approval workflows tailored to your company's needs. Nexonia supports nearly unlimited levels of approval routing.

Automated Reminders

Late timesheets are a thing of the past. Automated timesheet reminders help ensure hours get submitted on time.

Additional features.

Time Off

Nexonia Timesheets can be integrated with Nexonia Time Off, allowing you to track and utilize vacation, sick, and other paid time off.

Accounts Receivable

Allow your team to track billable time against projects and more with a suite of billable capabilities. This data can be exported out of Nexonia into your ERP or billing platform.

Detailed Tasks

Get down to the granular details with custom tasks that track time against unique services.

We're only a call away.

Training Included

Take advantage of our included training program with a live webinar direct to your team. We'll even provide a recorded copy you can utilize for training down the road.

Unlimited Support

All Nexonia admins have full access to our North America-based support team, available via phone, email, and web conferences.

With You Every Step

Our trained implementation specialists will help you set up Nexonia with any ERP system based on your company policies.
